

INSTRUCTIONS:

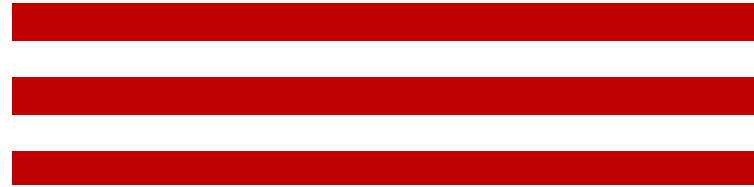

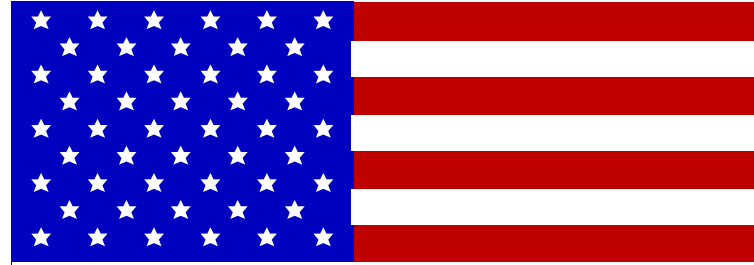

- This is a tool for your GS Troop to use during booth sales to increase your Project Troop to Troop orders.
- This card, similar to a donation card for other charities that you might find at your local grocery store, can be filled out by the customer in place of them writing a message on an actual package of cookies.
- There is a space for the customer to add their name and a spot for the GS Troop number.
- These cards can be displayed on your booth table, turned into your Service Unit Cookie Coordinator, and they will be included in the packages to the military sent directly from the bakery.

**I donated Girl Scout Cookies to the
U.S. Military!**
